**Subject:** My Support of Bill 10

Dear Hawaii State Legislator,

To whom it may concern, I support Bill 10 on the ban of plastic bags on the island of Oahu, so the state of Hawaii will become the first state to ban plastic bags in total. I'm Tyler Atiburcio from Mililani High School, and we are doing a project called Project Citizen, and our focus is the dependence on imported oil for electricity and transportation. The reason why I have taken this stance of supporting Bill 10 is because oil is required make plastic bags and anything that will reduce the usage of oil, could be helpful for Hawaii future. Another reason why I support this bill is because plastic bags are not environmentally friendly, and therefore it will hurt our marine life. If we had the ban on plastic bags, we will serve as a role model for other states that may want to do such a thing.
